MICRO HDMI TO VGA ADAPTER

Display HD content from mobile device, tablets to VGA displays and projectors

The Micro HDMI® to VGA adapter allows you to connect the Micro HDMI output from your smart phone, digital camera, tablet or laptop to the VGA input of a monitor or projector via VGA cable. The Mini HDMI to VGA adapter is intended for displaying user generated content such as presentations, documents, and work sheets onto a VGA projector or monitor.

- Connect devices with micro-HDMI output to displays and projectors with VGA input via VGA cable
- Supports Full HD 1080p and resolution up to 1920 x 1200
- On-chip HDMI receiver with Equalizer, for true color performance
- Simple, plug-and-play design ensures a quick and easy setup
- No external power necessary
